PAINT
made for
TIMBER

Protects for the life of your timber

Timber has unique characteristics and special requirements.

Manufacturing timber finishes since 1877, Cabot's knows timber and has specifically designed Cabot's Timbercolour Deck & Exterior Paint to protect the timber in your life.

This premium, acrylic paint has been specifically formulated to be tough and durable and is suitable for all exterior timber surfaces and decks.

Lifetime guarantee

Guaranteed not to flake, blister or peel for the life of your timber.†

Self priming* on most surfaces

*The Cabot's Promise: Protects for the life of your timber. Will not flake, blister or peel. Cabot's Timbercolour Deck & Exterior Paint is guaranteed against flaking, blistering and peeling if applied according to the specified application and maintenance instructions. If the product does not perform as specified, we will replace the goods free of charge. To claim you must be living in the house you have painted with Cabot's Timbercolour Deck & Exterior Paint. This guarantee applies to the owner of the house/property to which the paint has been applied and is available as long as the owner owns and lives in the house/property. This guarantee applies to residential work only and does not cover paint failure caused by any breakdown of coatings applied previously, where Cabot's Timbercolour Deck & Exterior Paint is applied over coatings not specified by Cabot's or in the event of substrate failure. To make a claim under the warranty, please contact Cabot's using the details shown and provide details of your claim. You must show proof of purchase and bear all expenses incurred in making a claim. The benefits of this warranty are in addition to other rights and remedies under any applicable law. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. Regular maintenance is required for walk on surfaces.

*Self-priming on most surfaces. Metal primer required on bare steel and wrought iron and for galvanised iron and ZINCALUME(R) steel within 1km of the sea.

For the best result on timber, you need a paint formulated for timber.

Cabot's Timbercolour has been specifically designed with oils and waxes to protect timber from sun, wind and rain.

- Tough & durable, designed to walk on
- Helps resist mould, dirt and stains
- Self priming* on most surfaces
- Protects from sun, wind & rain
- Flexible, designed to move with the timber as it naturally expands and contracts

TIP

Before painting exterior timber, check out our project guide and follow the simple steps.
